

# cookingAGENT

A SMALL UNIT  
WITH BIG BENEFITS

*cookingAGENT – the full extension  
pull-out that fits anywhere and  
holds essentials you need often.  
Even in small kitchens, it transforms  
every centimetre into efficient  
storage space.*

# ORGANISATION IS THE KEY cookingAGENT

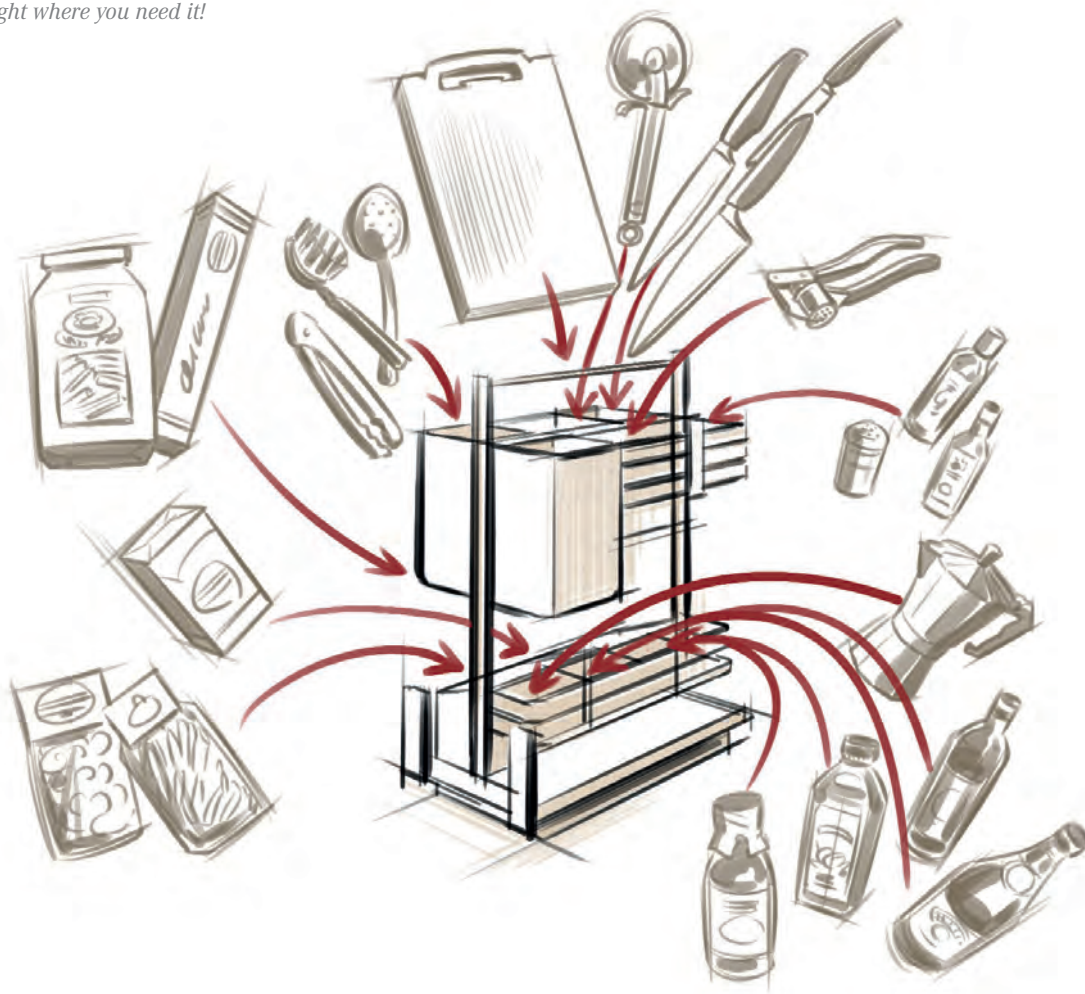

MODULAR AND FLEXIBLE

 KESSEBÖHMER

JUST A TOUCH AND A GLANCE – ALL THE BENEFITS OF  
CLEAR ORGANISATION AND EASY ACCESS IN THIS  
COMPACT FULL-EXTENSION PULL-OUT

*It's unbelievable how much fits  
into just one cookingAGENT.  
At last, everything you need is  
right where you need it!*

**EACH USER CHOOSES THE ELEMENTS THEY NEED AND WANT – AND HOW TO ORGANISE THEM.** cookingAGENT has space for everything – spices, oils and sauces, chopping boards, knives, even plates and bowls. With perfectly secure holders for sauces and oils. The sturdy railing and movable dividers hold bottles and jars securely in place.

Cooking utensils are ready to hand. The cookingAGENT is a true full-extension pull-out – it moves all the contents completely out in front of the cabinet. What could be better? And if you change the way you cook, your cookingAGENT adapts instantly to your wishes.

The cookingAGENT was designed by Kesseböhmer especially for users who expect a lot of their kitchens in terms of style and functionality. It complies with German quality and hygiene standards, which are some of the most stringent in the world. All critical components have been tested for food safety and easy care.

All the plastic elements are dishwasher safe. cookingAGENT is the ideal combination of comfort and hygiene. Offering hobby cooks a professional storage solution, it creates optimal conditions for every user.

[kesseboehmer.com/cookingagent](https://www.kesseboehmer.com/cookingagent)

Your chopping board is stored right in the middle to save space and be easily reachable. The exact position is up to you.

The plastic bottom panels of the clip-on baskets can be taken out and washed – they're dishwasher safe, like all the other plastic elements in a cookingAGENT.

Your favourite knives are right there ready and waiting. Plastic slats fit into a container to form a perfect knife block. The slats can be lifted out for cleaning and you can reposition the whole knife holder whenever you want to.

Practical plastic containers help you to work faster and more efficiently. Lift them out with their contents and put them close to where you're working. The slanted opening makes access even easier.

**PREFERENCES CHANGE, FAMILIES GROW AND SHRINK, YOU BRING TREASURES BACK FROM HOLIDAY – ISN'T IT GREAT THAT THE cookingAGENT IS SO FLEXIBLE?**

The cookingAGENT adapts perfectly to each user's individual cooking style. More than that, if your cooking and eating patterns change, so that you find yourself using different ingredients and cooking tools, then you can adapt your cookingAGENT to the change within minutes. You'll always enjoy a perfectly

customised storage unit. A place for everything and everything in its place, in a very compact storage unit.

This small and versatile kitchen helper will quickly become indispensable. And why stop in the kitchen? Compact, clearly organised storage would be good beside the breakfast table or near the office coffee machine. You might think of including a few more in your planning?

”

A cookingAGENT IS A PROFESSIONAL ASSET THAT FITS EVEN THE SMALLEST KITCHEN. COOKING IS SO EASY – WHEN ALL YOUR INGREDIENTS AND IMPLEMENTS ARE CLOSE TO HAND.

# A SMALL UNIT WITH BIG BENEFITS

## cookingAGENT

AMAZING CAPACITY

 KESSEBÖHMER

**cookingAGENT WORKS WONDERS, ESPECIALLY IN SMALL KITCHENS.** As a full-extension pull-out it guarantees all-round access to an amazing amount of stuff.

The full-extension pull-out features smooth gliding action, stability and SoftStopp Plus damping. Storage racks and containers are made of food-safe, easy-care materials and can be easily detached, cleaned or rearranged.

Use your cookingAGENT to store ingredients for your favourite dishes, oils and vinegars, spices, coffee, tea and biscuits.

The runners for the new cookingAGENT are attached to the cabinet side panels. This speeds up production, because screw holes can be drilled ahead of the carcass press.

A variant for mounting on the bottom panel is also available. This option allows a cookingAGENT to be installed in an existing kitchen unit.

A cookingAGENT can be installed with an attached front panel or behind a hinged door. This means maximum flexibility for the kitchen planner.
